

SCARLET MESSENGERS.

They Must Be Kept Always On The Go or Trouble Will Result.

What has a lumbering freight car in common with a red speck in a man's blood? A great deal. Just as the car carries grain, meat and other things where they are wanted, so the microscopic scarlet corpuscles in the blood carry oxygen where it is needed to make good the unending waste of tissue. The economic health of a nation depends largely on its railway system. The welfare of the body requires that the millions of red particles shall be kept always running briskly with their freight of oxygen.

What we call a cold clogs the blood and holds it in great quantities where it has no business to be. Hands and feet are chilly, and other parts of the body are congested. It looks as if a cold should be a simple matter to cure, yet how many people do you see who sneeze and hack and complain all winter?

In advanced stages a cold may not yield even to stern treatment, but in the beginning it is always conquered by Duffy's Pure Malt Whiskey. This is a medicinal stimulant, manufactured with the greatest care from the best possible materials. It equalizes the circulation of the blood and is a valuable aid to the digestive functions.

No stock of simple, useful remedies in the household is complete without a bottle of Duffy's Pure Malt. Druggists and grocers keep it in stock. They find that it grows in favor from year to year, and its excellence is such that nothing can supplant it.

THE INTELLIGENCER
IS A CLEAN AND PLEASANT PAPER.

"BUCK" IS A MAGNATE.

He Was Here Yesterday and Will Take the Presidency of

THE WHEELING BASE BALL CLUB

In the New Base Ball League—Will D. White, of Bellaire, Will Be the Manager—Looking After Grounds, Several Players Are Already on the Wheeling String—The Bowling Games—Other News of Sport.

Yesterday afternoon Manager A. C. Buckenberger, of the St. Louis Browns and George L. Moreland, manager of the Steubenville club in the newly organized Inter-state Base Ball League, arrived in the city to look over the local situation and see about grounds for the Wheeling club. Will D. White, the old Bellaire ball player, was also with the pair, and the three spent a very busy afternoon.

Messrs. Buckenberger and White called at the Intelligence office in the afternoon and outlined the situation. Mr. Buckenberger said that he was not particularly anxious for additional financial backing, having already interested enough capital to make the local club solid in that respect. He would take the presidency of the club and had decided to make Mr. White the manager. Regarding the question of grounds for the Irwin park on the South Side is entirely out of consideration on account of its being in such an out-of-the-way situation. It is regarded necessary that the grounds be located on the Island and the investigations of the trio were confined to that portion of the city. Two locations on the Island are being considered, the Schuimach property on the north end and the old bridge park on Zane street. It is not certain that the latter place can be secured, and no decision as to the grounds will be reached for some time, in fact nothing definite will be done until the Steubenville meeting of the league, which is to take place February 20.

"In the meantime," said Mr. Buckenberger, "Mr. White and myself will look around for a good team, and secure the men conditionally on the result of the meeting of the league at Steubenville. We already have four of five good players spotted, and it is a sure thing that the Nali City team will be one of the fastest minor league aggregations in the country. The two seasons when I was in the old Tri-State League we had some very fast teams and I anticipate that the team this season will be just as fast or faster than ever before seen by Wheeling people."

"What about Sunday games?"
"Well, I don't think we will have games on the Sabbath here. The club, and it will be a good one, will be well supported, I think, without them," was the reply of the St. Louis manager.

"Mr. Buckenberger, it has been said by local cranks that the Wheeling team would perhaps be a sort of training school for the reserve players of the Browns. Is there anything in it?"
"I had not thought of that. Perhaps it would be a good thing. I can assure you that anything I can do for the Wheeling team, I will do with pleasure."

Messrs. Buckenberger and Moreland left in the afternoon, and the former will be here again next week to conclude the business of deciding upon the grounds and park.

The outlook for a season of professional ball in Wheeling is certainly very bright, in fact the only contingency that will bring about failure, is a miscarriage at the Steubenville meeting, which is not at all probable. Buckenberger's connection with the local team will have the effect of strengthening the backs of the other magnates.

AMERICAN CYCLERS

To "Do" Mexico this Winter—The Programme of the Racing Team.

An American bicycle team under the management of F. Ed. Spooner, the well known racing man, will travel in Mexico this winter, racing at all the large cities of the republic and in Texas, returning for the American racing circuit next June. The team will consist of five racing men, a trainer and a manager. In the team will be L. D. Cabanne, St. Louis, holder of the quarter mile unpaced record of 25 seconds; A. I. Brown, Cleveland, the speedy quarter mile racer with a world's record of 28 1/2 in competition; L. A. Callahan, of Buffalo, road track champion; E. F. Leonard, of Buffalo, whose straight away record of 1:35 still stands the fastest mile by man or beast, and A. J. Nicolet, of Chicago, who will do trick riding. Frank Lyman, trainer of Bliss in 1893, will have charge of the training. The party leaves Chicago Sunday for New Orleans. Thence they go to Laredo, where three days will be spent in opening a new track. The City of Mexico will be reached January 22 and a race meeting will be given January 23, a holiday in honor of the king of Spain. During a long stay in Mexico race meets will be attended at Guadalajara, Puebla, Monterey, Durango and San Luis Potosi. On the return trip the party will stop over at El Paso for the opening of the track there and will then continue on through the large cities of Texas.

The Search for Lenz.

The American Board of Foreign Missions at a regular meeting in Boston has decided to grant the request made by persons interested in the matter asking that one of their missionaries who knows the language and the country about Dela Baba pass by permitted to assist in the search for the missing round the world bicyclist Frank Lenz, supposed to have been lost or killed in Turkey.

MUNYON'S MANY FRIENDS.

All Approve His New Ideas.

The Eminent Professor Ably Supported in His Fight for Humane Methods.

Mrs. Raynor, of 792 East One Hundred and Forty-fifth street, New York City, says: "I have suffered terribly from dyspepsia in its worst form. The lightest diet produced death-like sickness. Added to this I had a severe attack of Rheumatism, with swelling of the limbs and excruciating pain. My heart became affected and I was sinking so rapidly from exhaustion that my physicians gave me up as hopeless. At this time Mr. Raynor brought me some of Munyon's Remedies and encouraged me to try them. The benefit from their use was miraculous. I improved at once and was out of danger in a few days. My improvement was continuous and now I can thank Professor Munyon for a complete and wonderful cure."

Munyon's Rheumatism Cure is guaranteed to cure rheumatism in any part of the body. Acute or muscular rheumatism cured in from one to five days. It never fails to cure sharp, shooting pains in the arms, legs, side, back or breast, or soreness in any part of the body in from one to three hours. It is guaranteed to promptly cure lameness, stiff and swollen joints, stiff back, and all pains in the hips and loins. Chronic rheumatism, sciatica, lumbago or pain in the back are speedily cured.

Munyon's Homeopathic Home Remedy Company, of Philadelphia, put up specifics for nearly every disease, which are sold by all druggists, mostly for 25 cents a bottle.

BELLAIRE.

All Sorts of Local News and Gossip from the Glass City.

The numerous friends of Miss Kate Davis were surprised to learn of her quiet marriage in the parlor of the Windsor hotel to Mr. D. M. Wallace, an oil operator, and senior member of the firm of Wallace & Patton, who have large interests at Sistersville and in the McDowell field. The marriage occurred Wednesday afternoon, the ceremony being performed by Rev. Dr. McClure. The bride was a graduate of the high school here, an estimable lady, who had lived with her brother, Mr. John Davis, at the Hotel Newell, in Sistersville, for some time past. The couple left for the east shortly after their marriage, and will visit his home, at Rochester, N. Y., before returning.

The O. U. A. M. will have an interesting time at their semi-Centennial celebration here next Tuesday, and have arranged a good programme, with addresses on the O. U. A. M., its principles and objects; second, its relation to and influence on society; third, its relation and influence on politics; fourth, its influence on home, and lastly, its influence on the members. There will also be some music and recitations during the evening. Several short talks will be made by some of the officers of this society.

Col. S. L. Mooney, president of the Bellaire, Zanesville & Cincinnati railroad, was in the city yesterday. It seems that the accounts of the agent of this road at Woodsfield were recently found short, but that a large part of the money was made up in a very short time—about the same time the Adams Express Company went short. Developments in this line may come later.

The salaries paid to the postmasters in this and towns of this vicinity are as follows: Bellaire, \$2,100; Bridgeport, \$1,700; Martin's Ferry, \$1,600; St. Clairsville, \$1,300; Barnesville, \$1,700. The Barnesville, Bridgeport and St. Clairsville offices are still held by Republicans, but changes will be made about the first of next month. There are several applicants for each of the places.

Some of the dispatches sent out from here about the flood making people camp on the hills where they suffered from hunger and cold raised the ire of many of the people here, and the fake correspondents were roasted severely by many of the best people here.

Walter Cowen is in the city for a day or two and is meeting with much encouragement in the sale of Colonel Thompson's Personal Recollections of Sixteen Presidents. The book and the canvasser are both worthy.

A number of those formerly connected with the Chautauqua society organized a reading circle at the home of Miss Anna Farris the other evening, and will meet at each other's homes at fixed times.

The Adams express agency at Woodsfield has been transferred from O. A. Heck, a brother of John Heck, Jr., who was recently robbed, to Fred Buckio at that place, but no arrests have yet been made.

There is a good deal of comment here over the arrest of Henry Floto, the cigar maker, who took a great interest in the marriage of his niece to Ray Young, recently, the couple being very young.

Quite a lot of witnesses went before the grand jury from here yesterday and it is understood a recent case of alleged robbery and other violations of the law are being investigated.

Henry P. Rodewig, an enterprising young business man here, has purchased the furniture store of Hoffman & Company, and will take charge about the 1st of February.

The banquet and ball given at the Turner hall last night by the "Coffee Circle" was well attended and all had a good time.

The Ladies' Aid Society is arranging for an apron fair.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her, and she says it saved her life. Mr. Thomas Eggers, 139 Florida St., San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else, then bought one bottle Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at Logan Drug Co.'s drug store. Regular size 50c and \$1.00.

THERE is good reason for the popularity of Chamberlain's Cough Remedy. Davis & Buzard, of West Monterey, Clarion Co., Pa., says: "It has cured people who our physicians could do nothing for. We persuaded them to try a bottle of Chamberlain's Cough Remedy and they now recommend it with the rest of us." 25 and 50 cent bottles for sale by Clara B. Goetze, Will W. Irwin, John Klari, Wm. E. Williams, C. Monkemoller, Wm. H. Hagne, H. C. Stewart, A. E. Schoele, J. Coleman, C. Schnepf, Wm. Monkemoller, Wheeling, W. Va.; Bowie & Co., Bridgeport; B. F. Peabody & Son, Benwood.

on the one hand—ruined garments on the other. That will be the result of your trying to save money by using poor, cheap washing-powders, instead of Pearl-line. Just consider. How much could you save in a year if you bought the cheapest and most worthless? And how far would it go toward paying for the things ruined in a single month? You can't save anything by buying cheap washing-powders. The way to save money in washing is to use what has been proved to be absolutely safe. That is Pearl-line. Millions use it. 47
